About Us

Founded in 2006, TEAMSable POS started as a division of Team Research Inc., a public company in Taiwan and doing business based in San Jose, California for over 25 years.

TEAMSable POS offers a complete line of POS Hardware and mPOS solutions including All in One Touch System, Mobile devices, Peripherals, and Payment Terminals. Our Team has a proven track record of delivering quality products and first-class customer service, always ensuring that products are delivered in a timely fashion and within budget.

With our solid foundation and expertise in the POS industry, we are ready for our next chapter, to continue to provide leading-edge technology products and excellent service to our customers.

Thank you and we look forward to serving all your POS Hardware needs in the near future.

PAYMENT TERMINAL

12" Payment Terminal

APT-120

The TEAMSable APT is a next-generation smart that incorporates EMV, NFC & MSR card reader capabilities. A removable 12" tablet monitor for a fully functional point of sale system is perfect for a counter, line-busting, and inventory applications for retail, hospitality, and many other verticals. The APT-120 provides maximum savings by reducing 2 terminals into 1, reducing installation timelines, and increasing overall product ROI compared to separately purchased terminal installations.

- 12" Touch Screen
- 1366x768 Resolution
- 3GB RAM / 8GB eMMC
- Wi-Fi / BT / 4G
- USB / Ethernet
- EMV / MSR / NFC
- Android 5.1

APT-50

5.5" Payment Terminal

The APT-50 is a revolutionary device that can be used as a stand-alone payment terminal or semi-integrated with a traditional POS system. Our forward thinking smart terminal is ideal for hassle-free pay-at-the-table and line-busting applications, for example, due to it's large 5.5" touchscreen, onboard thermal printer, and EMV/MSR/NFC card reader functionality.

- 5.5" Touch Screen
- 1280x800 Resolution
- 1GB RAM / 8GB eMMC
- Wi-Fi / BT / 4G
- EMV / MSR / NFC
- Android 8.1

APT-40MINI

4.5" Payment Terminal

The APT-40Mini is a pocket-sized payment processing powerhouse packed with features and value. Its compact is ideal for merchants seeking a lightweight, high mobile, and secure payments solution.

- 4.5" Touch Screen
- 854x480 Resolution
- 1 GB RAM / 8GB eMMC
- Wi-Fi / BT / 4G
- EMV / MSR / NFC
- Android 8.1

ANDROID POS SYSTEM

15" Android POS System

The TEAMSable 15N Android POS terminal is the newest addition to our innovative line of advanced Android based POS products. The RM and RMX Series are packed with features and come in a sleek contemporary housing that would go well with any POS system installation. Its 1080P resolution PCAP touchscreen and blazing-fast Quad-Core and Six-Core CPUs, can handle even the most demanding applications. The RM and RMX Series are a wise choice for a low-cost, high-performance POS terminal that enhances any business and offers outstanding functionality.

- Ethernet / USB / Serial / Mini HDMI
- Android 9.0
- 2GB / 4GB RAM, 8GB / 16GB
- Cortex A17, A53+A72

12" Android POS System

The 12N-RM comes loaded with features wrapped in a modern, stylish design that is sure to complement any POS installation. Its 12" PCAP touchscreen offers best in class performance, and it's heart is a Cortex-A17 Quad-Core, up to 1.8 Ghz CPU that can handle most POS applications. If you want to add value and functionality to any business, 12N-RM would be a smart choice for a cost-effective POS terminal.

- Cortex A17
- 2GB RAM / 8GB eMMC
- Ethernet / USB

7" Android POS System

- 1GB RAM / 4GB eMMC
- Ethernet / USB
- Quadcore 1.2GHz CPU

PERIPHERALS

Cash Drawer

With countertop and under-counter mounting options, the LQ616 cash drawer's 16"x16" footprints for ample storage of money and media items. Coupons, card receipts, and large bills can be deposited through the front media slot without having to open the drawer, providing extra security while improving loss prevention. Other quality features such as a removable insert, steel bill weights, and a multi-position lock system offer increased performance and organization that keep daily operations humming at maximum efficiency.

- 80" Detachable Cable / RJ12 Connector

LQ616

Cube Thermal Printer

With a compact and aesthetically pleasing design, the S80 printer is an excellent accessory for any merchant with limited counter space or is simply seeking a modern look at the POS system. Capable of print speeds up to 250mm/sec, it makes short work of long lines quickly, providing optimum efficiency and productivity.
